

Parks, Marina and Greenbelt Committee Minutes

July 9, 2010

The Desert Aire Parks, Marina and Greenbelt Committee met downstairs in the Multipurpose Building at 5 PM, July 9, 2010. Committee members Terry Jensen, Gary Varney and James Curdy were present. Also in attendance were Candy Jensen, Jeff Shimmin and Mike Mulcahy.

It was suggested that there be a special committee for the plans of the tennis court. Gary Varney volunteered to head up that committee, and put together the specifications, etc. for the tennis courts. Gary will write a notice about the tennis courts to see who would be interested in being on the committee. This will be put in a bulletin and mailed out. These recommendations and requirements will be brought to the August Parks meeting. One suggestion is to reverse the physical orientation of the tennis courts because of trees.

There was discussion about the marina. The suggestion is that a third dock be built within the boat basin, using the money within the dedicated fund. The membership could be asked whether to lower dues by returning money, or build a third dock with it.

James suggested building a walking trail in the greenbelt along Desert Aire Drive to avoid people having to walk on the road. This will be discussed at a later date.

The meeting was adjourned at 6 PM.
